DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-2 and 6-10 are rejected under 35 U.S.C. 102(b) as being anticipated by Guerbilsky (FR 72.00419).

Guerbilsky disclose a box erecting apparatus comprising box supply 21; erecting station with plunger 67; support 7; pivoting inner arm 41; pivoting outer arm 37 with grab 35; and drive means (see figure 3). Cams 45 and 59 are independent drives.

The arms pivot independently of one another all along horizontal axes.

Adjustable plunger 67 engages the blank (portions thereof) into recess/die 7, 75 etc.

Claim Rejections - 35 USC § 103

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. Claims 4-5 is rejected under 35 U.S.C. 103(a) as being unpatentable over Guerbilsky (FR 72.00419).

5. Guerbilsy do not distinctly disclose a horizontally displaceable support, supply, or pivot axes, however the examiner takes OFFICIAL NOTICE that it would have been obvious to one of ordinary skill in the art to adjust the position of one element without an unexpected result.

Response to Arguments

6. Applicant's arguments with respect to all claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
